A man in a green polo shirt and blue jeans is taking a selfie with a silver smartphone. He is smiling and looking at the camera. In the background, a group of diverse young people are posing for a photo. They are standing on a paved area in front of a white building with a door and a fire exit sign. The sky is overcast.

I enjoyed the time that we spent in class so much, because the teachers are really great! My visit has been amazing. I want to come back!

Our Teacher Training Courses

For me, doing the CELTA Course was the best thing I have ever done. It has shown me that teaching English is something that I definitely want to do. It has given me more confidence to speak in front of people and I have met some really lovely people that I will stay in contact with. I would definitely recommend this course. It has given me the tools and confidence to teach and I am currently pursuing a career as an ESL teacher.

High School

High School Programme

We have over 20 years experience in offering our High School Programme and take pride in placing students in top public and private schools around Ireland. We organise and supervise students' High School Programme from start to finish, taking care to place students in the best school for them. As a founding member of the AGPI, The Association of Guardianship Providers in Ireland, we provide the highest standards of guardianship for all our High School Programme students. We support, and ensure the safety and security of our High School Programme students.

Parents are kept informed of their child's academic progress and general welfare at all times. They can be confident that their child will receive the best possible care and attention. Reports are sent regularly throughout the year. As well as receiving regular visits, the student can contact his or her guardian at any time and for any reason.
